PROFESSIONAL SUMMARY

QA Engineer with hands-on production experience in **Manual & Automation Testing** within **Agile (SDLC/STLC)** environments. Proficient in **Selenium WebDriver (Java, TestNG, POM)**, **Playwright**, **Postman**, **JIRA**, and **SQL**, with expertise in **Functional**, **Regression**, **Smoke**, **Sanity**, **Integration**, and **API Testing**. Delivered a **40% improvement in regression testing efficiency** and **30% faster release validation** through automation, while maintaining consistently high-quality **production releases**.

SKILLS SUMMARY

- **Languages:** Java, TypeScript, SQL
- **Frameworks:** Selenium WebDriver, TestNG, Playwright, POM
- **Tools/Platforms:** Postman, JIRA, Git/GitHub
- **Testing Skills:** Manual Testing, Functional Testing, Regression Testing, Smoke Testing, Sanity Testing, Integration Testing, API Testing, Test Case Design, Test Scenario Preparation, Defect Reporting, Bug Tracking
- **AI & Testing Tools:** AI-Assisted Test Automation, Test Script Generation, Test Case Generation, MCP Server, AI-Based Test Analysis, Test Data Generation, Defect Analysis, Application Validation

EXPERIENCE

- **Magdyn Private Limited** Chennai, Tamil Nadu
Software Tester
 - Performed Functional, Regression, Smoke, and Integration Testing across multiple applications, achieving 95%+ test coverage and ensuring production readiness:
 - Executed Manual and Automation Testing using Selenium WebDriver (Java, TestNG, POM) and Playwright, improving regression testing efficiency by 40% and reducing release validation time by 30%:
 - Identifying, documenting, and tracking defects using JIRA, collaborating with developers to achieve 98% on-time defect resolution:
 - Collaborating with Agile teams to ensure 100% closure of critical defects before production releases:
- **DKL Career Development** Chennai, Tamil Nadu
Software Testing Intern Jun-2024 – Sep-2024
 - Performed Manual Testing of core modules, including Login, Payment, and Booking, by designing and executing test cases based on requirement specifications.:
 - Logged, tracked, and validated defects through Regression, Smoke, and Sanity Testing, ensuring application quality across each release cycle.:

PROJECTS

- **MoneyWise Mobile Application** : Developed and tested a personal finance management application using Core PHP, covering income, expenses, transactions, dashboard, and financial management features. "Github URL" : MoneyWise
- **Manufacturing ERP Application:** Developed and tested a manufacturing ERP application using Core PHP, covering quotation, sales, inventory, purchase, dispatch, invoice, customer, and reporting modules. Technology Stack: Core PHP, HTML5, CSS3, JavaScript, MySQL, Apache/XAMPP "Github URL": ERP
- **Museum Ticket Booking System:** Developed and tested a multilingual chatbot-based museum ticket booking system, validating chatbot interactions, multilingual responses, booking workflows, confirmations, and data handling.

CERTIFICATIONS

- **QSpiders** Chennai, Tamil Nadu
Software Testing – Manual & Automation Jun 2025 – Mar 2026
- **Manual Testing:** Functional, Integration, System, Regression, Smoke, Sanity & Exploratory Testing, Test Scenario Preparation, Test Coverage, Test Case Design, Defect Tracking, Defect Reporting, SDLC/STLC & Agile Methodology
- **Automation & API:** Selenium WebDriver, TestNG, POM, Locators, Waits, iFrame Handling, Window Handling, Frames, & Core Java (OOPs, Collections, Exception Handling), Postman API Testing

EDUCATION

- **Jaya Engineering College** Chennai, Tamil Nadu
Bachelor of Engineering (B.E.) – Computer Science and Engineering 2021 – 2025
